## **Business Impact Assessment Report: Nigeria's Energy Transition Plan**

Electricity Lawyer is proud to launch its flagship Business Impact Assessment Report exploring the opportunities for businesses within Nigeria's Energy Transition Plan (ETP). The Business Impact Assessment Report ("Report") provides an overview of the ETP and examines its prospective impact on businesses in Nigeria. The Report serves as a guide for investors in the energy sector and other sectors which rely on the operations of the energy industry to facilitate production. The Report also provides essential inputs that the government and other relevant stakeholders may take into consideration in the implementation of the ETP and in developing similar energy transition plans across Africa.

The report is available in a comprehensive or an abridged format and priced as follows:

### **FULL REPORT**

**\$500(USD) or  
N250,000**

### **ABRIDGED REPORT**

**\$300(USD) or  
N150,000**

### **FULL AND ABRIDGED REPORTS (2 FOR 1)**

**\$500(USD) or  
N250,000**
